Passionate and dedicated Software Engineer with a strong computer science and programming foundation acquired through intensive training at Penn University Coding Boot Camp. Skilled in full-stack development, my hands-on experience includes designing, implementing, and maintaining web applications. Proficient in various technologies such as React, JS, CSS, HTML, Node.js, MySQL, MongoDB, and more. Passionate about problem-solving and committed to delivering high-quality software solutions. Known for adaptability, teamwork, and a keen ability to learn quickly, I am ready to contribute to innovative projects and thrive in a dynamic software development environment. Proficient in debugging, helping elevate user experience, and streamlining internal processes.

TECHNICAL SKILLS

JavaScript ES6+, CSS3, HTML5, SQL, NoSQL, GitHub, MongoDB, MySQL, Express, React, Node.js, Handlebars, jQuery, Bootstrap, TailwindCSS, GraphQL

PROJECTS

TeamSync | https://github.com/rhemlock7/TeamSync-KanBan | https://teamsync-client-project-3.netlify.app/ ● Summary: Collaborative site to create projects with a team. Worked mostly on the back end to structure the web application's data. ● Role: Front and Back end developer
● Tools: React, MongoDB, Mongoose, GraphQL, JWS, TailwindCSS, Node.js, HTML, CSS, JavaScript

Travel-Mate | https://github.com/axavier1/travelMate | https://travel-mate-h2lt.onrender.com/ ● Summary: Worked in a team to create a web application that gives users a chance to create a networking event to travel with people. ● Role: Back and front-end developer
● Tools: HTML, CSS, JavaScript, Express Handlebars, jQuery, TailwindCSS, Node.js, MongoDB, Mongoose, Express, ORM

Your-Nutrition-Radar | https://github.com/MykhailoZakh/Your-Nutrition-Radar | https://mykhailozakh.github.io/Your-Nutrition-Radar/
● Summary: Recipes finder depending on diet restrictions
● Role: Front-end designer
● Tools: CSS, Express, MySQL, JavaScript, jQuery, ORM, API

EXPERIENCE

BootCamp Software Student University of Pennsylvania 10/2023 - 02/2024 Philadelphia, PA Worked and studied with the student's team in creating new web applications. Collaborated on the applications development Utilized acquired skills during group projects. Improved my problem-solving skills while learning new coding features

EDUCATION

Certificate, Full Stack Web Development – University of Pennsylvania
